This activity has received funding from the European Institute of Innovation and Technology (EIT), a body of the European Union, under the Horizon 2020, the EU Framework Programme for Research and Innovation

What is RAIDMAP?

RAIDMAP is an advanced Education initiative that consists in training **engineering students** and **professionals** at cooperating for the development of innovative ideas for **future research projects** on **Raw Materials Recycling** and **Substitution**.

This activity has received funding from the European Institute of Innovation and Technology (EIT), a body of the European Union, under the Horizon 2020, the EU Framework Programme for Research and Innovation

in cooperation with

The RAIDMAP Partners

How does RAIDMAP work?

First part (june/sept. 2021)

Teams will work to define project ideas.

Second part (nov. 2021)

Selected teams present their project idea to the evaluation board.

How to participate?
